

It is tender, emotional,
and confusing.

Attempting to hide this love
can drive you crazy

It may be tempting
to dive right in

This is when you formulate
your ideas on how to love...

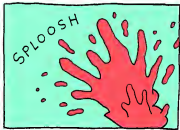

The only difference when
you are an adult

is that you may have more
experience with love

but this can be messy.

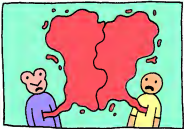

HOW to LOVE

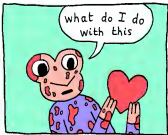

Mahek Kalwani asks:

should
teenagers date?
Do they really
understand??

Teenage love is a big fat
clash of feelings.

but the truth is

adults don't know what
they are doing either.

so it can be nice to share
it with someone.

Teenage dating can be good,
if you take it easy.
